

# H2O for Life Walk for Water

School children need clean drinking water, sanitation facilities and hygiene education to be able to learn. Yet half of the world's schools lack safe water and more than half lack an adequate latrine.

On March 5 (date) \_\_\_\_\_ (Student Name) will walk three miles, symbolizing the burden that students in developing nations must bear on a daily basis. The amount of money that is raised will be donated to H2O for Life and 100% of the money will be used to bring water, sanitation, and hygiene education to a school in need.

Our Partner School is: Ojo de Agua, Nicaragua

H2O for Life is a 501c3 non-profit organization dedicated to providing service learning opportunities to students who work to fund water, sanitation and hygiene education for schools in developing nations.

I give my child permission to participate in the "Walk for Water" on Thursday, March 5<sup>th</sup>. I also agree to allow my child's photo to be taken and possibly used for publicity by the H2O For Life organization.

I will pick up my child from Forestview Middle School by 4:15
